

Tearoom Assistant - Sundays

Hours of work: 10:30am-4:30pm every Sunday and the option for occasional extra shifts

We're expanding our weekend team, come and work in the beautiful historic setting of the manor that once belonged to Jane Austen's brother!

This role at Chawton House will provide an exceptional visitor experience for all customers of the Old Kitchen Tearoom from September 2019 onwards.

Our tearoom is getting busier, it seems that people can't get enough of our tea, cakes and light lunches, especially on sunny days when they can soak up the sun in our courtyard. We're looking for energetic, friendly and enthusiastic people to come and serve our customers on Sundays, could this be you?

Our ideal candidate would have:

- Experience of working in a café/tearoom/restaurant or similar (though full training will be provided)
- Ability to multi-task on busy days when orders keep coming, tables need to be cleared and customers need attention.
- Pride in their work and the ability to be pro-active so that our Tearoom is always at its best.
- Excellent customer service skills – must be warm, friendly and welcoming!

Competitive hourly rate, commensurate with experience.
